

GIUSEPPE GRANDINETTI

M.D. - Ph.D.

CURRICULUM VITAE

Bari, 15th February 2020

PROFILE

Giuseppe Grandinetti

M.D. - Ph.D

Specialist Cardiology
Specialized in Electrophysiology
and Electrostimulation

Born in Lamezia Terme (Cz),
on 14th August, 1979

VAT no. 02909600799

Tax no. GRNGPP79M14M208K

SCIENTIFIC ASSOCIATIONS

Italian Society of Cardiology (SIC)
European Society of Cardiology (ESC)
Italian Society of Arrhythmology
and Cardiac Stimulation (AIAC)

COMPUTER SKILLS

Good knowledge of Windows and Mac OS
programs, Power Point, Word, Excel

LINGUISTIC SKILLS

Main language: Italian

German language:
B2 Certificate (Goethe Institut)

English language:
Good knowledge, Level B2

CONTACT

Current Position

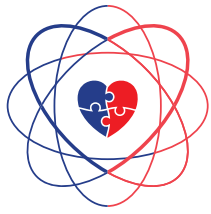

- Head of the U.O. Electrophysiology Mater Dei Hospital - Bari
- Electrophysiologist consultant at the Bari University Hospital, University Division of Cardiology (Director Prof. Stefano Favale)
- Co-Head of electrophysiology at Casa di Cura Santa Maria - Bari
- Consultant at Biosense Webster Italy
- Consultant at Saint Jude Medical Italy
- AIAC Task Force member for the management and drafting of guidelines for the treatment of ventricular tachycardias
- Freelancer

TEACHING ACTIVITIES

From 2003 to 2005, for a total of 200 hours, teaching short degree courses in Physiotherapy, Nursing Science, Food Science, Nuclear Medicine Techniques, Radiology Techniques

Professional Career

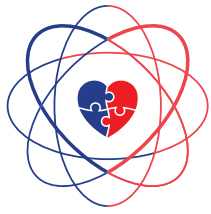

- » **07/1997**
Scientific high school diploma with grade 60/60.
- » **23-07-2003**
Degree in Medicine and Surgery, University of Messina, with grade 110/110 cum Laude.
- » **11-2003**
Professional qualification at the University of Messina, with grade 110/110.
- » **16/11/2007**
Specialized in Cardiovascular Diseases, University of Bari, with grade 50/50 cum laude
- » **From 01/04/2008 to 31/03/2009**
Research grant holder at the University of Bari medical sciences area MED 11:
"The effect of increased dose of clopidogrel on the erythrocyte aggregability in patients undergoing medicated Stent implantation".
- » **01/06/12**
PhD in Cardio-angiologic, Hematologic and Genetic-Metabolic Sciences at the University of Bari.
- » **23/02/2013**
Certificate in Basic Life Support Defibrillation (BLSD).

GIUSEPPE
GRANDINETTI
M.D. - Ph.D.

Professional Experiences

- **23/02/2013**
Internship at the Institute of General Pathology,
University Hospital of Messina
- **06/1999-12/1999**
Internship at the Operative Unit of General Surgery,
Department of Surgical Semiotics,
University Hospital of Messina
- **01/2000-05/2000**
Internship at the Division of Pneumology,
University Hospital of Messina
- **06/2000-09/2000**
Internship at the Division of Otolaryngology,
University Hospital of Messina
- **09/2000-02/2001**
Internship at the Division of Radiology,
University Hospital of Messina
- **03/2001-10/2001**
Internship at the Department of Maxillo-Facial Surgery,
University Hospital of Messina
- **11/2001-06/2002**
Internship at the Intensive and Sub-Intensive Cardiological
Care Unit, Division of Cardiology,
University Hospital of Messina - *Prof. Giuseppe Oreto*
- **05/2002-01/2003**
Internship at the General First Aid Unit with OB,
University Hospital of Messina
- **01/2003-06/2003**
Internship at the Internal Medicine Unit,
Division of Geriatrics
- **01/08/2003-01/07/2004**
Attendance as a Volunteer Physician at the Institute
of Cardiology, University Hospital of Bari,
directed by *Prof. Paolo Rizzon*
- **02/2004-05/2004**
Attendance as a Volunteer Physician at the Institute
of Cardiovascular Rehabilitation of the
"Maugeri" Foundation, Cassano Murge (Ba)
- **01/12/07-30/03/2008**
Freelance activities at the centre of electrophysiology
at the Anthea Nursing home,
Bari and Lecce city (LE)
- **11/2007 to 12/2015**
Freelance activities at the centre of Telecardiology
at Cardioonline Europe Bari
- **from 1/2/2009 to 23/12/2009**
Fellow at the Arrhythmology unit at the
Monzino Cardiology Centre (MI)
Manager *Dr. Paolo Della Bella*
- **from 11/01/2010 to 11/06/2010**
Fellow at the Arrhythmology unit of the
San Raffaele Hospital of Milan,
Manager *Dr. Paolo Della Bella*
- **from 15/06/2010 to 06/09/2013**
Consultant at the Cardiology Unit at the
University Hospital of Bari *Prof. Stefano Favale*
- **from 01/11/2011 to 01/05/2012**
Electrophysiologist consultant at the Arrhythmology unit
at the San Raffaele Hospital of Milan
Manager *Dr. Paolo Della Bella*
- **from 06/2010 to present**
Freelancer
- **from 10/2010 to present**
Consultant at Biosense Webster Italy
- **from 6/2014 to present**
Consultant at Saint Jude Medical
- **from 9/2011 to 12/2012 and from 3/2014 to 30/03/2015**
Consultant at Biotronik Italy
- **from 01/07/2014 to 01/07/2015**
Research associate at the University Hospital of Bari
- **from 03/2015 to 12/2015**
Neomedical Consultant
- **from 8/2015 to present**
Electrophysiologist consultant at the Bari University Hospital,
University Division of Cardiology. *Prof. Stefano Favale*
- **from 9/2016 to present**
Electrophysiologist consultant at the Bari University Hospital,
Hospital Division of Cardiology. *Prof. Carlo D'Agostino*
- **from 2/2016 to present**
Co-Head of electrophysiology at
Casa di Cura Santa Maria (BA)

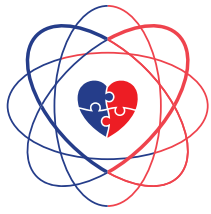

GIUSEPPE
GRANDINETTI
M.D. - Ph.D.

Professional Activities

- » Clinical care and compiling medical records for 2750 patients
- » Attendance for 2 months at heart failure surgeries.
- » Attendance for 2 months at the Cardiology unit of the Intensive Care of the Bari Hospital
- » Assistance in endoscopic procedures at the university gastroenterology N=45
- » Assistance in myocardial scintigraphy N=35
- » Running of Stress Tests and Cardiopulmonary Tests N=100
- » Execution of mono-bidimensional transthoracic echocardiograms N=800
- » ABPM Reading N=800
- » Dynamic Holter type 24-hour ECG reading N> 3500 Executing PM/ICD electronic controls N> 2500
- » Collaboration in PM/ICD mono-bicameral implant procedures N=980 (710 as head surgeon)
- » Collaboration in ICD biventricular implant procedures N=280 (110 as head surgeon)
- » Collaboration in PM/ICD mono-bicameral replacement procedures N=290 (260 as head surgeon)
- » Collaboration in catheter ablations around 3450 (2250 as head surgeon)
- » Collaboration in coronarography/PTCA examinations N=150 (45 as head surgeon)
- » Collaboration in percutaneous atrial closure procedures N=25 (15 as head surgeon)
- » Collaboration in cardiac electrocatheter extractions N=40 (22 as head surgeon)

Participation in National and International Trials

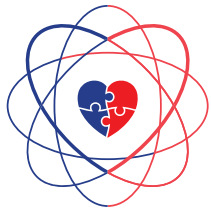

- » Co-Investigator for clinical trials: Treatment of Atrial Fibrillation With Dual Defibrillator in Heart Failure patients (TRADE-HF)
- » Co-Investigator for the clinical trial: CARE-LINK (remote control of defibrillators)
- » Osteoprotegerin and chronic ischemic heart disease, University of Bari, University Department of Cardiology
- » Osteoprotegerin and acute coronary syndromes, University of Bari, University Unit of Cardiology
- » Co-Investigator for the trial MADIT-RIT
- » Participation in the study PARTITA
- » Clinical Study: Comparison of Thermocool Surround Flow Catheter versus ThermoCool Catheter in Achieving Persistent Electrical Isolation of Pulmonary veins (pilot study)
- » Clinical Evaluation Study of the catheter with a force sensor (Smart Touch) in the treatment of paroxysmal atrial fibrillation

U.O. ARITMOLOGIA
Preside Dott. Paolo Della Bella
della@hsr.it

Milano 21 febbraio 2012

Il Dott. Giuseppe Grandinetti ha frequentato la mia Unità Operativa da Gennaio 2009 fino a Giugno 2010 e da Novembre 2011 sino ad ora come Consulente.

Nel periodo menzionato ha avuto modo di acquisire competenze specifiche nelle principali procedure di elettrofisiologia ed impiantistica.

E' diventato operatore autonomo nelle procedure di ablazione della fibrillazione atriale e delle tachiaritmie atriali ad origine sinistra.

Ha effettuato inoltre come primo operatore procedure di ablazione transcatetere di tachicardia ventricolare idiopatica e associata a cardiopatia strutturale effettuando anche training specifico per l'accesso epicardico subxiphoidale.

In questi mesi ha sempre dimostrato grande disponibilità ed interesse attivo nel gestire le problematiche quotidiane e notevoli attitudini al lavoro di equipe, maturando senso di responsabilità e capacità decisionali anche nel contesto di urgenze cliniche.

Questo in aggiunta alle notevoli doti umane espresse, mi porta a manifestare nei suoi confronti piena stima e totale apprezzamento.

Dott. Paolo Della Bella

H SAN RAFFAELE

Reperto: 022643.7542 • Prenotazioni: 022643.7379 • Segr.: 022643.3689

Dr. Giuseppe Grandinetti attended my Operating Unit as Consultant since January 2009 to June 2010 and since November 2011 until now.

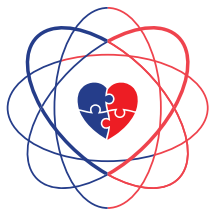

During the aforementioned period He acquired specific competences in the main electrophysiology and implantation procedures.

He became independent with regards to the procedures concerning the ablation of atrial fibrillation and atrial tachyarrhythmias with left origin.

Moreover He carried out, as first operator, procedures concerning transcatheter ablation of idiopathic ventricular tachycardia and of ventricular tachycardia associated with structural heart disease even being specifically trained to the epicardial subxiphoid access.

In these months He always showed a great reliability, an active interest in managing the daily problems and outstanding team-working attitudes, maturing a sense of responsibility and decisional skills even facing clinical urgencies.

The things above, joined to the outstanding human skills demonstrated, make me witness to him full esteem and total appreciation.

Il dott. Giuseppe Grandinetti ha frequentato il mio reparto e nella fattispecie il laboratorio di elettrofisiologia dal 2006 a tutt'ora con diverse qualifiche, dapprima come specialista in formazione successivamente come dottorando di ricerca, assegnista di ricerca e consulente esterno. Dal giugno del 2010 a tutt'ora gli ho affidato la attività assistenziale in qualità di primo operatore per le ablazioni trans catetere. Grazie alla collaborazione con il dott. Grandinetti il Nostro centro dal 2012 ha ottenuto la qualifica di centro di eccellenza per le ablazioni trans catetere.

Nel periodo menzionato ha eseguito con elevato grado successo e ridotto tasso di complicanze rispetto alla media riportata in letteratura ogni genere di procedura di ablazione transcateretere, comprese ablazioni per le tachicardie ventricolari, le aritmie post cardiocirurgiche, le aritmie nelle cardiopatie congenite corrette, casi di dextrocardia nonché casi falliti presso altri centri. Ha sempre dimostrato grande disponibilità ed interesse vivo ed attivo nel gestire sia le problematiche clinico-terapeutiche che la ricerca clinica applicata. Si sempre distinto tra i miei allievi per il suo talento come operatore nonché per le sue doti cliniche ed organizzative. Il dott. Grandinetti ha maturato grande senso di responsabilità e capacità decisionali autonome nelle scelte clinico-terapeutiche anche nelle condizioni di urgenza, dimostrando maturità professionale, spirito di equipe, carisma nonché attitudine all'insegnamento.

Ha dimostrato di possedere rilevanti doti umane. Affidabilità e correttezza professionale mi hanno portato ad instaurare da anni col dott. Grandinetti un stretto rapporto fiduciario e di collaborazione e mi inducono ad esprimere nei suoi confronti totale stima come uomo ed operatore.

Direttore: Prof. Stefano Favale

Dr. Giuseppe Grandinetti attended the electrophysiology laboratory in my ward since 2006 until now with different qualifications, initially as a specialist trainee, later as a PhD student, as a research assignee and then as an external consultant. Since June 2010 until now I entrusted him the welfare activities as a first operator for transcatheter ablation. Thanks to the cooperation of Dr. Grandinetti our center is qualified since 2012 as a center of excellence for transcatheter ablations.

During the aforementioned period He performed with a high degree of success and a low complications' rate, compared to the average in literature, all kinds of procedures concerning transcatheter ablation, including "ablation of ventricular arrhythmias, of post cardiac surgery arrhythmias, of arrhythmias in corrected congenital heart disease, in cases of dextrocardia and "other centers failures".

He always showed a great reliability and a keen and active interest in managing both the clinical-therapeutic issues and the applied research. He always stood out among my students for his talent as operator as well as for his clinical and organizational skills. Dr. Grandinetti gained a great sense of responsibility and autonomous decision-making capabilities in the clinical-therapeutic choices, even in the emergencies, demonstrating a professional maturity, team spirit, charisma and a teaching attitude.

He demonstrated relevant human qualities. His reliability and professional integrity led me to establish for years with Dr. Grandinetti a close relationship of trust and collaboration and lead me to express to him my total esteem as man and operator.

SCUOLA DI MEDICINA E CHIRURGIA

Scuola di Specializzazione in
Malattie dell'Apparato Cardiovascolare
Coordinatore: Prof. Marco Matteo Ciccone

Bari, 22 ottobre 2015

Al dr Giuseppe Grandinetti

Dal 2003 il dott. Giuseppe Grandinetti ha frequentato il reparto di Cardiologia Universitaria con diverse qualifiche, dapprima come medico volontario, poi come specialista in formazione, successivamente come dottorando di ricerca, assegnista di ricerca e consulente esterno per l'elettrofisiologia.

Si è sempre distinto tra gli allievi per il suo brillante talento, dimostrando disponibilità ed interesse attivo nel gestire sia le problematiche clinico-terapeutiche che la ricerca clinica applicata. Ha acquisito e dimostrato competenze specifiche di eccelso livello sia come cardiologo clinico che come elettrofisiologo. Ha maturato grande senso di responsabilità e capacità decisionali autonome nelle scelte clinico-terapeutiche in ogni tipo di situazione, dimostrando grande maturità professionale, capacità dirigenziali, spirito di equipe e carisma.

A queste capacità si aggiunge la propensione all'insegnamento teorico- pratico che svolge per gli studenti e gli specialisti in formazione e che spesso espleta anche in lingua inglese per gli studenti stranieri.

Le notevoli doti, non solo come medico e ricercatore ma anche umane, mi hanno portato ad instaurare da anni col dott. Grandinetti uno stretto rapporto fiduciario. Nell'augurio di una costante e sempre viva collaborazione medico-scientifica, esprimo nei suoi confronti piena stima, apprezzamento e disponibilità a cooperare a suoi progetti futuri.

Since 2003 Dr. Giuseppe Grandinetti frequented the University Cardiology Department with different qualifications, first as a medical volunteer, then as a specialist trainee, later as a PhD student, as a research assignee, as an external consultant for the electrophysiology.

He always stood out among the trainees for his brilliant talent, demonstrating a keen and active interest in managing both the clinical-therapeutic issues and the applied research. He acquired and showed excellent specific competences both as clinical cardiologist and as electrophysiologist. He gained a great sense of responsibility and autonomous decision-making skills in the clinical-therapeutic choices in any situation, showing great professional maturity, leadership skills, team spirit and charisma.

To these capabilities it has to be added his theoretical-practical teaching attitude that He performs for students and specialists in training and often even in English for foreign students. The remarkable qualities, not only as a doctor and researcher but also humans, led me to establish for years with Dr. Grandinetti a close relationship of trust.

In wishing him a steady and ever-living medical-scientific collaboration, I express to him full esteem, appreciation and willingness to cooperate in his future projects.
